

Locals Celebrate Lives of Loved Ones

The Mercy Foundation hosted its 5th Annual Celebrate a Life tree lighting ceremony at the Mercy Medical Center and Cancer Center. Chaplain Steven V. Heath inspired those who gathered to keep close at heart special moments shared with loved ones over the years. This year, Fred Pillsbury received the honor of lighting the tree. Fred is a Cancer Center volunteer and has driven patients to and from appointments for

many years.

Following the tree lighting, attendees took a candlelight stroll through the illuminated healing garden to the Medical Center Main Lobby for refreshments and live entertainment.

Over \$10,000 was raised and will be used to purchase equipment, expand patient programs and services, or provide additional staff training and education.
