High Heels & High Rollers Gala

benefiting the

Mercy Foundation Heritage Endowment

What if your investment could provide for community health care needs not just in your lifetime, but forever? Endowed funds can. An endowment is a permanent fund in which the principal is invested and a portion of the investment income is distributed annually to philanthropic causes – continuing your rich tradition of charitable giving always.

In this new era of medical care, the additional stream of revenue an endowment provides is especially important to meet the challenges of the future. A strong endowment at Mercy Medical Center Merced Foundation is vital to ensure high quality health care services, leaving a lasting legacy of caring for your family and community.

“What’s raised here, stays here!”
